

Respondent	Date of Correspondence	Proposal	Change to document implemented (Y/N)	Note
Ilkley Fairtrade Group	26-Jun-23	Change spelling of 'fair trade' to Fairtrade	Y	Added a link to: https://www.fairtrade.net/standard
		Replace international fair trade with 'Fairtrade'	Y	N/A
Individual	07-Jun-23	Clarity around chimney draft excluders.	Y	Editing error ("find and replace all" on the word "balloon" in connection with chimney balloon / draught excluder We are using draught excluders. We are not using balloons for events to reduce waster and are discouraging users to do the same.
		Query around use of water butts	Y	Clarified that water butts will be installed "where possible, taking into account the constraints of Grade I listing and other restrictions"
Individual	10-Jun-23	Expression of support	N/A	N/A
Bioregional	13-Jun-23	Expression of support.	Y	Updated website link
		Request to amend website to point at the One Planet Living page, not Oneplanet.com	Y	Inserted website link: https://www.livingwage.org.uk/what-real-living-wage
Museums Development Yorkshire	05-Jun-23	Expresion of support.	N/A	
		Clarification re "Real Living Wage"	For discussion	https://www.livingwage.org.uk/what-real-living-wage Minimum Wage - £10.18 (outside London) National Living Wage- £10.42 (outside London) Real Living Wage - £10.90 UK (outside London)
		"more efficient heating system 2019" should be marked as an achievement and new target put in	N	The more efficient heating system is already marked as an achievement. We have already set out our future commitment to monitor electricity consumption on an annual basis. Ambition must be proportionate to the scale of the organisation. We will revisit in future years.
Climate Action Ilkley	25-Jun-23	We would urge you to consider more widely how the Manor House will go about "empowering our community and promoting a culture of sustainable living" and to critically consider what it might mean to promote sustainable living in the context of the Climate and Ecological Emergency.	N	Noted. For annual review
		In order to establish a long-term future for the Ilkley Manor House it will be necessary to formulate a response to the gravest challenges facing humanity - namely the Climate and Ecological Emergency (CEE).	N	Noted. For annual review
		We suggest that the Manor House considers the potential that it has as a leading organisation in Ilkley's cultural sector to promote the involvement of the wider Ilkley creative, cultural and artistic community in responding to the CEE. We would suggest that this could be done by making a declaration regarding the CEE in line with Culture Declares Emergency. This would be a clear public statement of the position of the Manor House and would act as a catalyst for other organisations within Ilkley and the surrounding area to consider their response to the CEE. Ilkley Manor House could become a leading organisation in the Ilkley Culture Declares hub and we believe the involvement of the Manor House would encourage other organisations to consider becoming involved, such as Ilkley Literature Festival and Ilkley Playhouse.	N	Noted. For annual review
		Recommended Julie's Bicycle as a source of support in developing an action plan	N	Julie's Bicycle is already one of the organisations consulted
